

# CHALLENGES FOR 2015

## 2<sup>nd</sup> Stakeholders' Forum

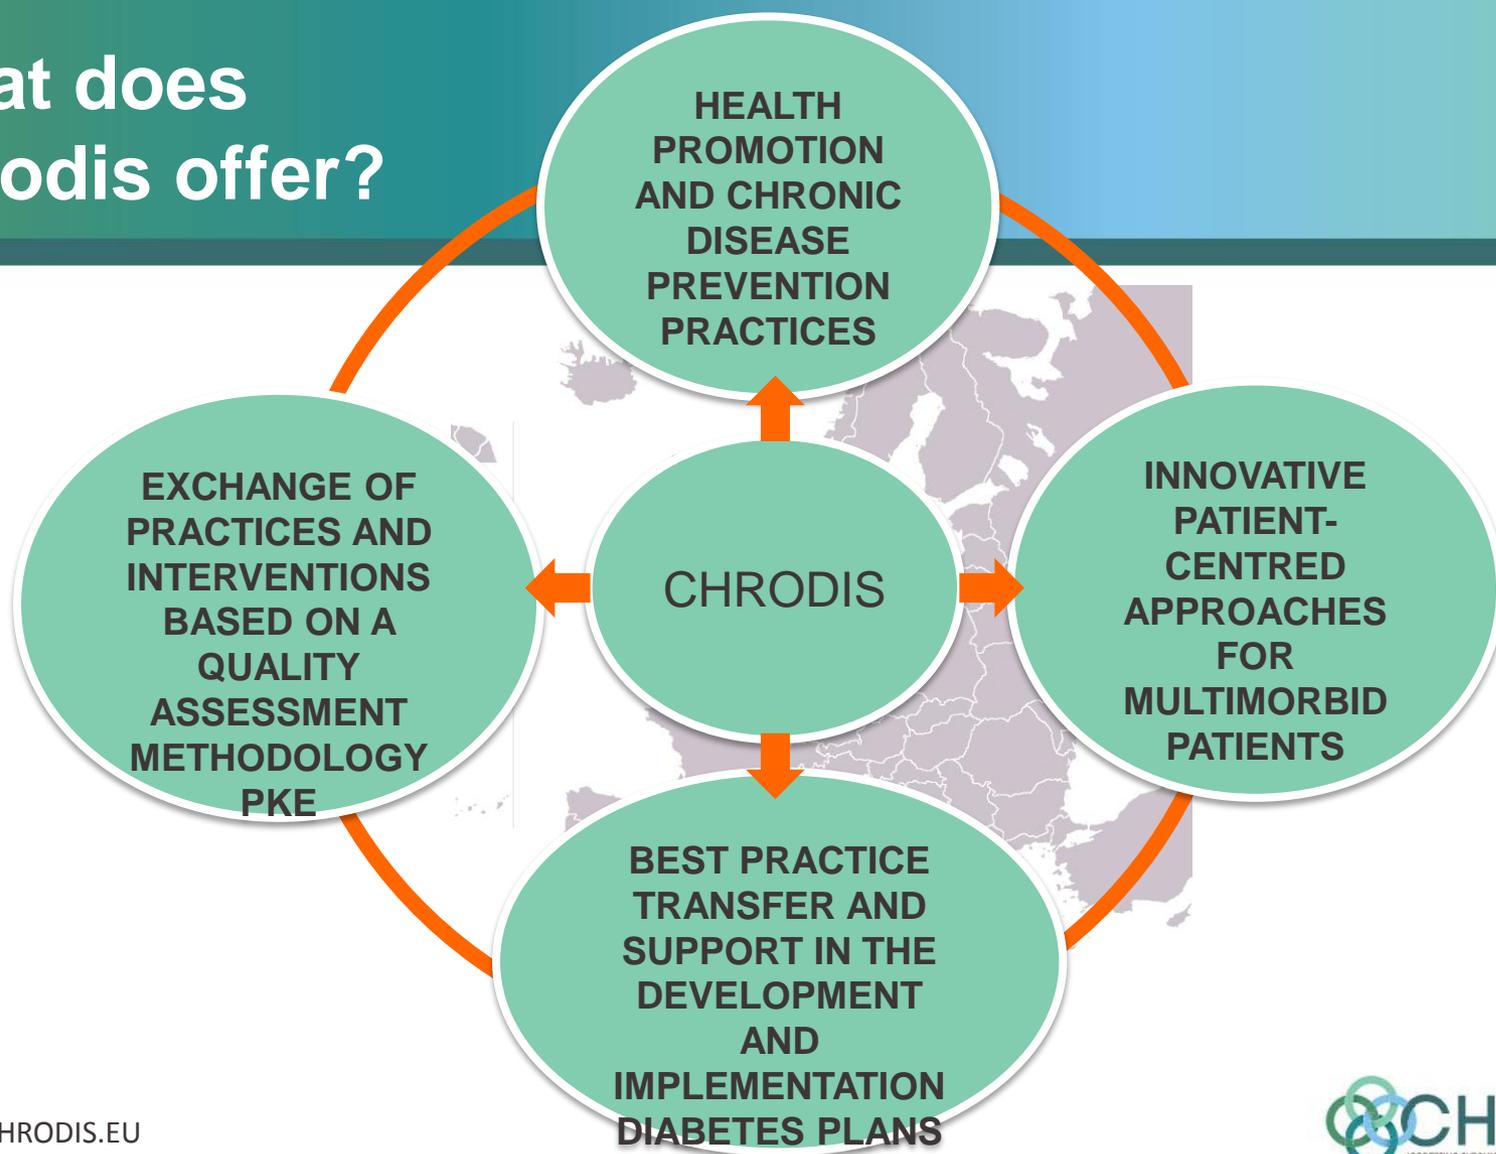

19<sup>th</sup> February 2015

Brussels, Belgium

**Teresa Chavarria**  
National Institute of Health Carlos III  
Spain

# What does Chrodis offer?

# Our vision.

Chrodis' outcomes becoming a source of quality assessed practices, models and interventions through the Platform of Knowledge Exchange useful for Member States and other countries in Europe.

# Our added values.

- Involvement of stakeholder community to share experiences, disseminate and help us to focus on relevant issues.
- Involvement of policy makers through the Governing Board (MoH) for future sustainability and an Advisory Board for technical followup and recommendations.

# Our added values.

- Practices and interventions based on a quality assessment process defined under experts consensus criteria.
- Development of an **open** Platform of Knowledge Exchange (PKE): a virtual place to share, learn from others, bridge health system silos and network.

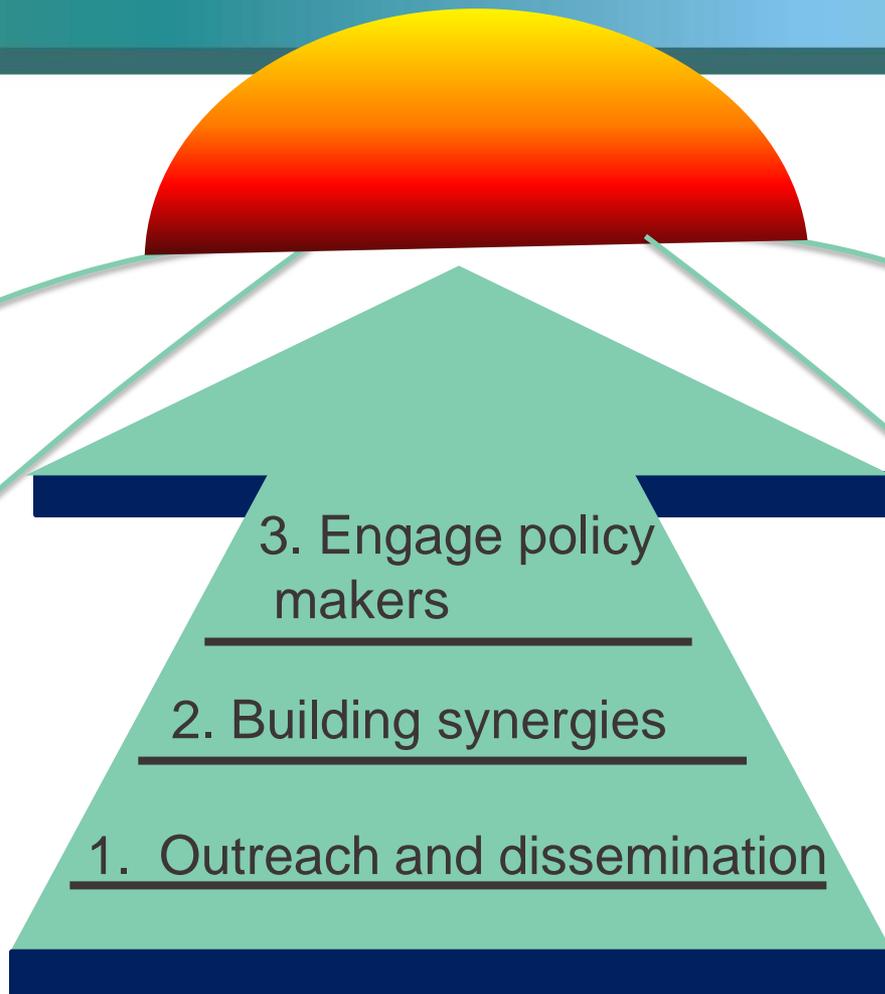

**And all of this,**

Conducted by experts from all over Europe and built for the use of countries and regions today and in the future.

# What would we like in 2015?

CHRODIS JA in the minds and agendas of health professionals, caregivers, patients, decision/policy makers, stakeholders, citizens...

# CHALLENGES FOR 2015

# Outreach and dissemination.

- Communication Strategy and Plan.
  - Our website with updated information on work package progress and outcomes. <http://www.chrodis.eu>
  - Newsletter and Bulletins. Sign up!!!!
  - Attending relevant events.
  - Social media: Follow us in Twitter and Facebook!
- Updating and involving stakeholders in dissemination activities.
- Community of work package leaders, associated partners and collaborating partners, Governing Board and Advisory Board.

# Building synergies.

- Learning and sharing, with the involvement of experts, stakeholders, collaborating partners in our workpackages.
- Linking with other programmes, projects and joint actions across Europe.
- Seeking for feedback and ideas for the development of the JA from Stakeholders Forum.

# Engagement of policy makers.

- Progressing in our workplan: harmonising criteria, identifying target groups to develop outcomes of quality and useful for health systems.
- Strengthening cooperation with Governing Board, receiving their feedback from activities and outcomes, working on a future sustainability.
- Bringing Chrodix to relevant policy institutions at the national and European level (EU Parliament, national representatives EU).

# What for?

- Patients and their families, social and health care professionals, health organizations and national health systems, policy makers from across Europe must benefit from CHRODIS' outcomes and the EC investment (our investment).

**In other words,**

**“For paving the way for a healthier tomorrow”**

*(Nicoline Tamsa, President of EuroHealthnet)*

THANK YOU!

# The Joint Action on Chronic Diseases and Promoting Healthy Ageing across the Life Cycle (JA-CHRODIS)\*

Co-funded by  
the Health Programme  
of the European Union

\* This presentation arises from the Joint Action addressing chronic diseases and healthy ageing across the life cycle (JA-CHRODIS), which has received funding from the European Union, under the framework of the Health Programme (2008-2013).
