

WP5: Good practices in the field of health promotion and chronic disease prevention across the life cycle

1st Advisory Board meeting

Brussels, 18th February 2015

Leader: Thomas Kunkel
Bundeszentrale für gesundheitliche Aufklärung (BZgA)

Co-leader: Ingrid Stegeman
EuroHealthNet

OBJECTIVES OF WP5

To promote the exchange, scaling up and transfer of highly promising, cost-effective and innovative health promotion and chronic disease prevention practices (among older people)

+ taking into account

DELIVERABLES AND MILESTONES

Deliverable:

- Report on recommendations describing health promoting / disease preventing practices

Milestones:

- Country reviews on health promotion and chronic disease prevention approaches (existing work, current situation, gaps and needs) [M8]
- Agreement on selection criteria of good practices + template [M10]
- Peer reviews / Study Visits [M36]

FIRST YEAR ACHIEVEMENTS

- ☑ Country Reviews of existing work, situation and needs, to provide an overview of existing mechanisms and policies in the area of health promotion and primary prevention (2014)
- ☑ Development of a criteria list for the identification of Good Practice examples (2014)

NEXT STEPS

Identification of criteria for good practice in health promotion and disease prevention (Delphi process) (started in January 2015)

Report on good practice examples across Europe that meet agreed criteria (mid 2015)

Conference(s) to exchange and discuss good practice (end 2015)

Study visits, exchange and transfer (2016)

Final report (end of 2016)

Joint Action on Chronic Diseases and Promoting Healthy Ageing across the Life Cycle (JA-Chrodis)*

Co-funded by
the Health Programme
of the European Union

* This presentation arises from the Joint Action addressing chronic diseases and healthy ageing across the life cycle (JA-CHRODIS), which has received funding from the European Union, under the framework of the Health Programme (2008-2013).
