

# CHRODIS JA

ADDRESSING CHRONIC DISEASES AND  
HEALTHY AGEING ACROSS THE LIFE  
CYCLE

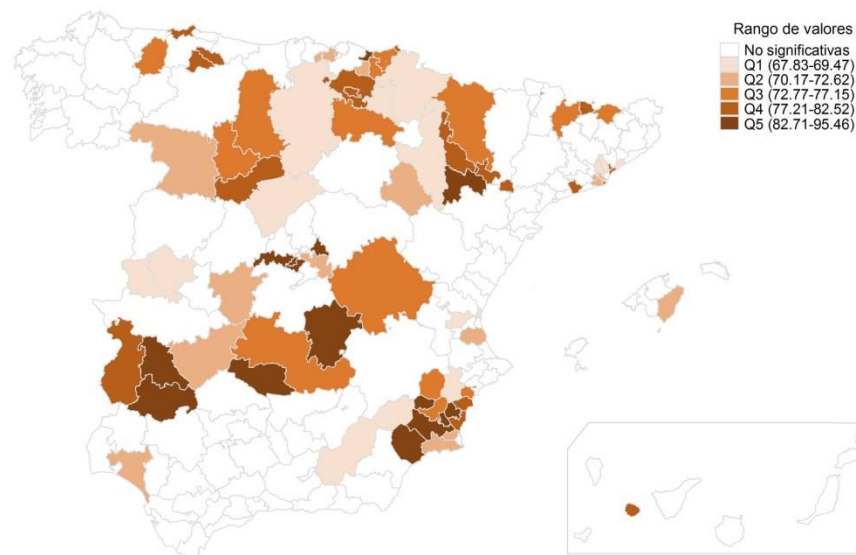

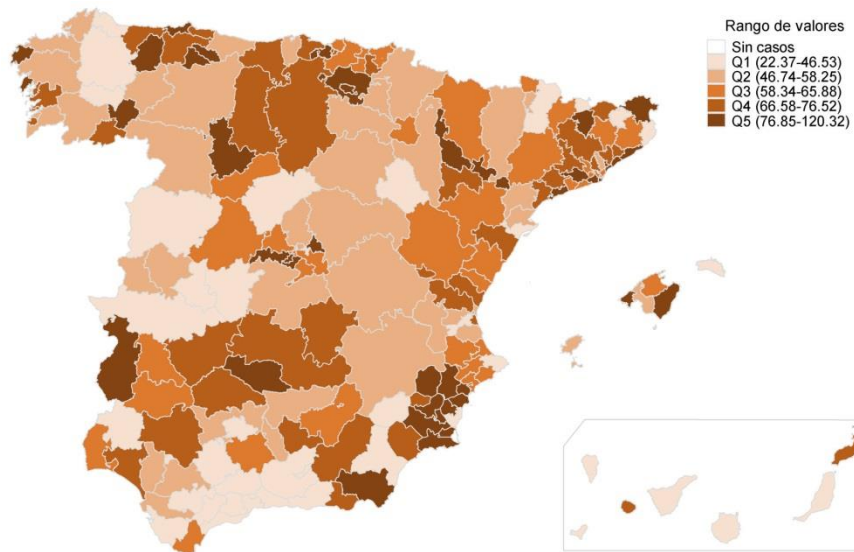

**Enrique Bernal-Delgado**  
Instituto Aragonés de Ciencias de la Salud

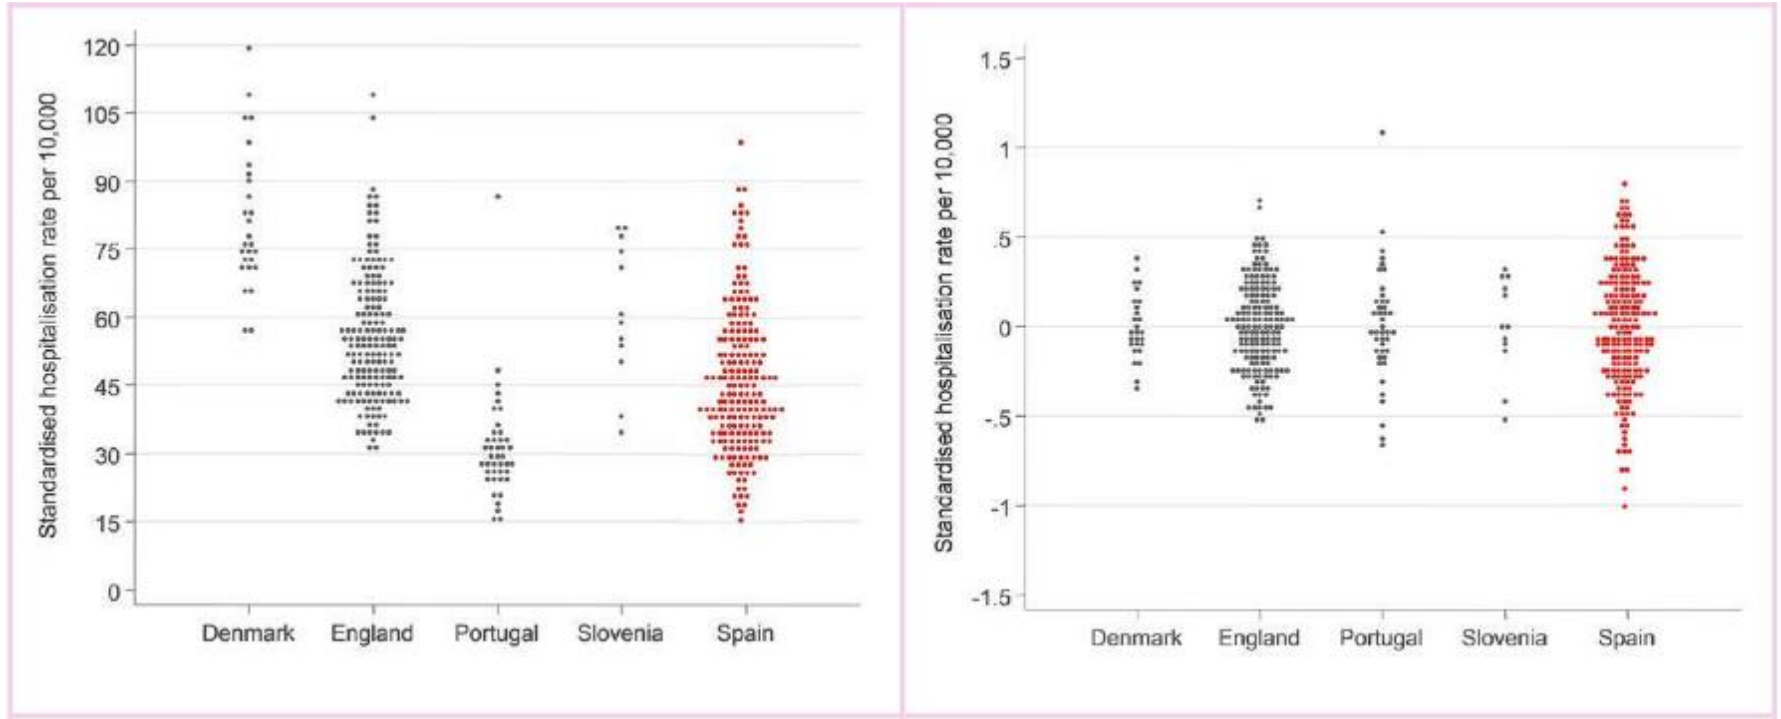

# PAH rates vs. All discharge rates evolution

# PAH per 10,000 inh. and Excess-rates (2012)

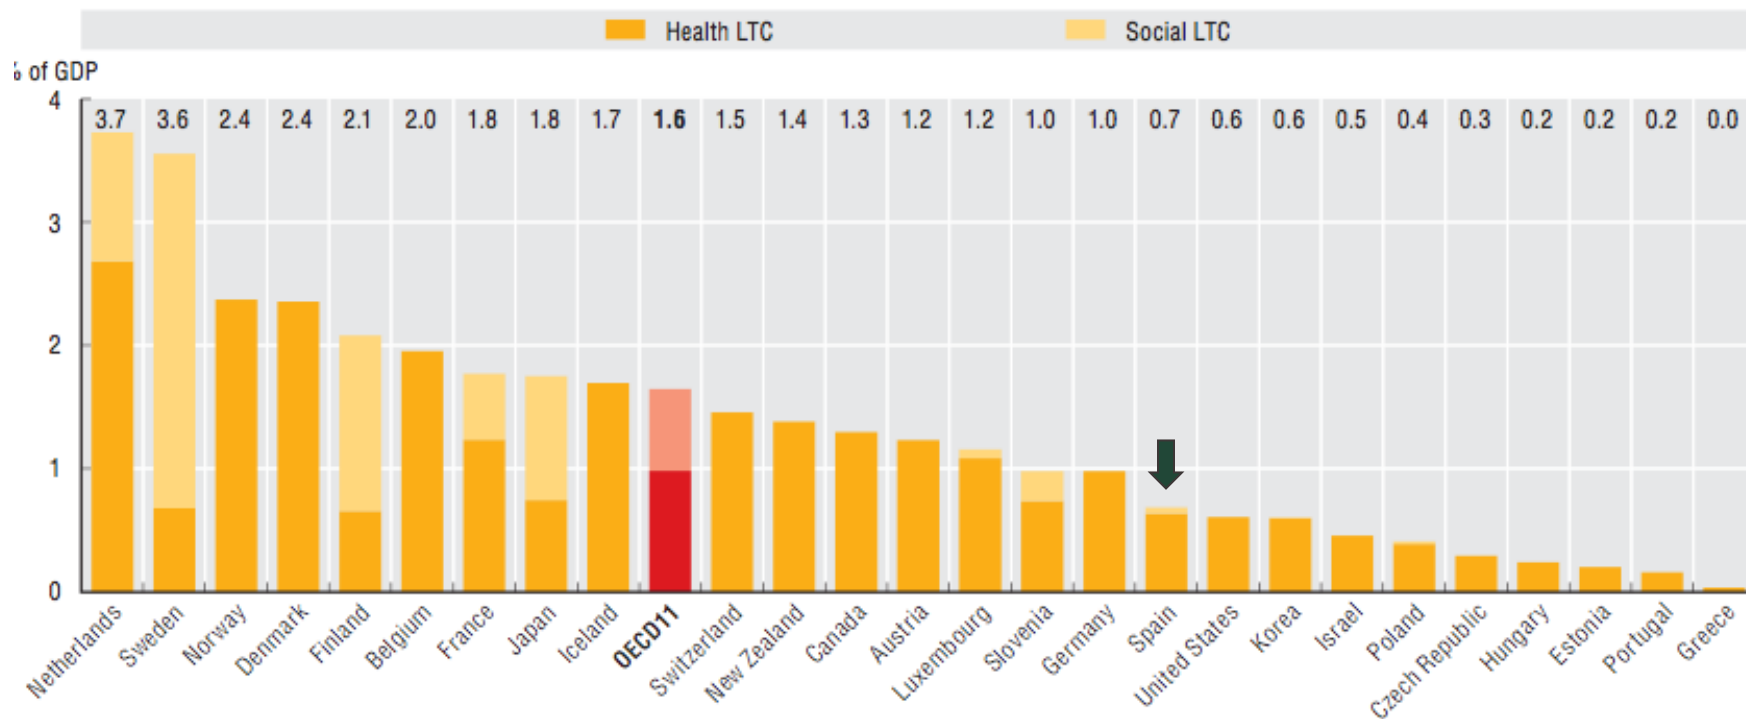

# International comparison on PAH rates

# Reforms in Europe seek how to

- improve the quality of care and health outcomes for people with complex care needs;
- strengthen primary care and community services, and optimize their interface with secondary care;
- make more efficient use of scarce resources, and reduce spending on health services;
- empower people with chronic and long-term conditions to help define treatment and care modalities.

# Long term care (health and social) - 2011

# Benchmarking

## EXPERTS ACROSS EUROPE ARE JOINING FORCES

TO IDENTIFY AND EXCHANGE THE BEST APPROACHES  
TO PREVENT AND CARE FOR CARDIO-VASCULAR DISEASE,  
STROKE AND TYPE 2 DIABETES

# WORK PACKAGES

## HEALTH PROMOTION

Good practice in health promotion and primary prevention of chronic disease, and their transferability.

## MULTI-MORBIDITY

Guidelines on innovative and effective care for multi-morbid patients.

## DIABETES TYPE 2

European cooperation in diabetes as a case study for tackling chronic disease.

## KNOWLEDGE PLATFORM

Repository of validated good practice to  
prevent and manage chronic disease.

# The Platform for Knowledge Exchange

aims at building an agora, where decision-makers, caregivers, patients, and researchers across the EU will be able to **exchange the best knowledge on chronicity (i.e. practices)** in Europe.
