# CONCLUSIONS FROM THE PARALLEL SESSION

- **SC for WP#4?**
  - **As soon as possible: A glossary of terms (JA leader)**
    - Practice
    - Expert
    - CHRODIS community
    - Best, good, candidate – practices
    - Etc.
  - **We are not accrediting healthcare providers –**
    - We are assessing whether a particular CC practice has improved the health outcomes or the quality of patients' life, and which are the keys for success.
    - And ideally, which are the elements that should be considered to implement this practice in a different context
-

- **Who is doing what**
    - WPs: collecting evidence, developing a first outline of criteria assessment, the proposal of the stakeholders profile in the panel
    - WP4: suggesting other assessment criteria, other profiles in the panel, conducting the Delphi consultation, final report with the criteria of assessment (**Dec 2014 to Dec 2015**), development of the assessment tool (**ready for use June 2015**)
    - WP#4 will also covered other experiences that are not addressed in the other work-packages – same timeline
  - **Adapting WP timeframes to this schedule - last deadline without risks June 2015)**
  - **June 2014: business model & users requirements report**  
(types of users and flows)
