**1st Pre-financing payment**: 1,4 M €

Used 2014 (79%):

1,1 M € (including overheads)

## Lessons learnt and improvements to be further developed

- It is a matter of a continous mutual learning process (we work on what we have...)
- The decision consensus-based decision taking procedure works
- Technical progress according Work plan
- All activities are equally important: project of projects
- Unequal involvement of CPs

#### But,

- Managing a big consortium is a (daily) challenge
- Need for a substantial increase of dissemination at political level
- Adjustment of proposed person-days vs. real dedicated efforts
- Slow set up process of the GB
  - WP3 needs to minimize the delay with the new structure

## Next steps by WP1

- First interim report to be finished on time
- 6<sup>th</sup> EB meeting to be organized
- Monthly progress reports in time
- Support the progress evaluation and recover the delayed activities
- Support the dissemination activities and foster them at political level
- Manage the inclusion of new CPs
- Work with the AB

- Support the bidirectional interaction with stakeholders
- Improve synergies between WPs
- Deliverables in due time
- Up date of efforts in a realistic framework
- Coordinate the activities of the GB towards the objectives on sustainability
- Activities of the GB

The new coordinator will need your support and collaboration!

Joint Action on Chronic Diseases and Promoting Healthy Ageing across the Life Cycle (JA-Chrodis)\*

\* This presentation arises from the Joint Action addressing chronic diseases and healthy ageing across the life cycle (JA-CHRODIS), which has received funding from the European Union, under the framework of the Health Programme (2008-2013).
